

# Open Agri UI – User Manual (Improved Edition)

Welcome to **Open Agri UI**, a web application designed to help you manage farms, parcels, apiaries, beehives, and crops with ease.

This improved manual walks you through the platform step-by-step and explains what you will see in each screenshot.

## 1. Introduction

Open Agri UI allows you to:

- Register and log in
- Create and manage farms and parcels
- Create and manage apiaries and beehives
- Record and search apiary observations and actions
- Create and manage crops and record crop observations

The interface uses simple wizards that guide you through each action.

## 2. Getting Started

### 2.1 Accessing the Application

1. Open your web browser.
2. Enter the URL provided by your administrator.
3. You will see the home screen with options to **Log in** or **Register**, and a language selector.

[Login](#)[Register](#)

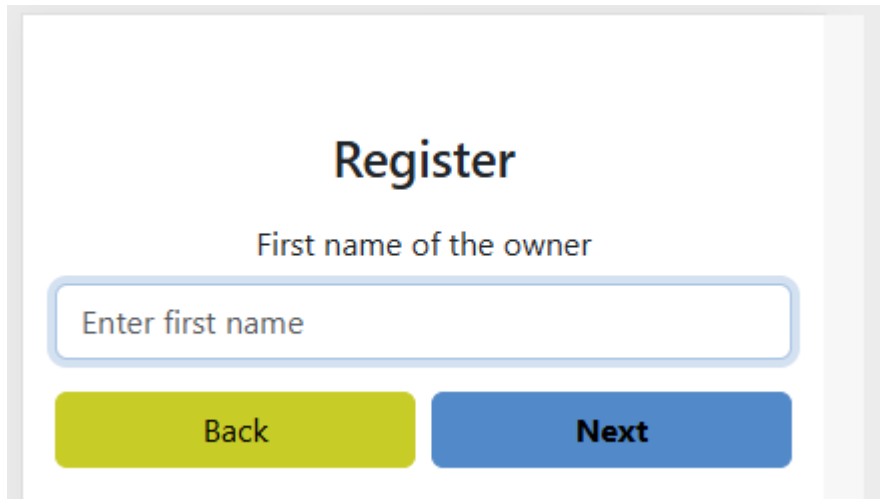

## 2.2 Registration

If you are a new user, you can create an account using the registration wizard.

1. On the home page, click **Register**.
2. Follow the wizard steps. Each screen asks for a specific piece of information.

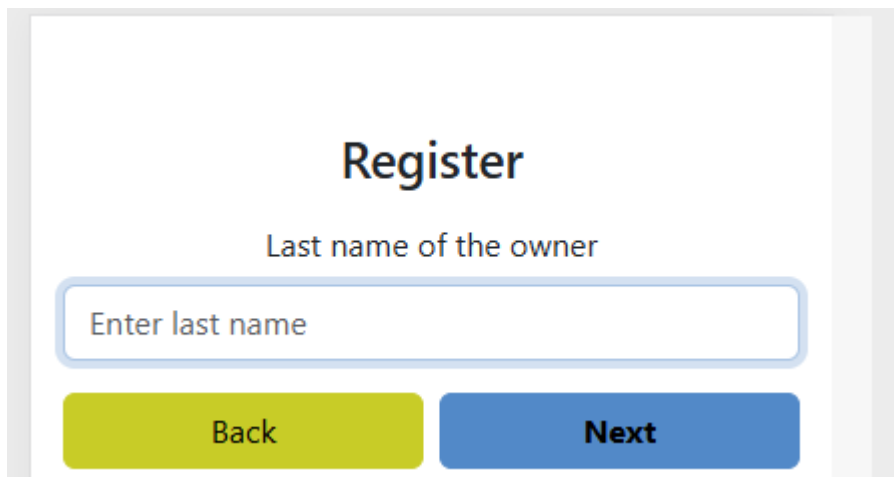

Below are examples of wizard screens you will see:

**Step: First name**

The image shows a 'Register' screen for the 'First name' step. At the top, the word 'Register' is centered in a large, bold, black font. Below it, the text 'First name of the owner' is centered in a smaller, regular black font. Underneath this is a white text input field with a light blue border and rounded corners, containing the placeholder text 'Enter first name'. At the bottom of the screen, there are two buttons: a yellow button on the left with the text 'Back' in black, and a blue button on the right with the text 'Next' in white. The entire form is set against a light gray background with a subtle gradient.

**Step: Last name**

The image shows a 'Register' screen for the 'Last name' step. At the top, the word 'Register' is centered in a large, bold, black font. Below it, the text 'Last name of the owner' is centered in a smaller, regular black font. Underneath this is a white text input field with a light blue border and rounded corners, containing the placeholder text 'Enter last name'. At the bottom of the screen, there are two buttons: a yellow button on the left with the text 'Back' in black, and a blue button on the right with the text 'Next' in white. The entire form is set against a light gray background with a subtle gradient.

**Step: Email**

Back

Register

3. Confirm your information and click **Register**.
4. After successful registration, you will be redirected to the login page.

## 2.3 Login

To access your account:

1. Enter your email or username.
2. Type your password.
3. Click **Login**.

A mockup of a login form. At the top, the text "Please sign in" is centered. Below it, the label "login.email" is centered above a light blue input field containing the text "marko.corn@gmail.com". Further down, the label "Password" is centered above a light blue input field containing seven dots. At the bottom, a solid blue button with the text "Login" is centered.

After logging in, you will be redirected to the dashboard.

## 3. Navigation Overview

After logging in, you will see a clear dashboard with quick access to the main modules:

OpenAgri

 EN ▾

**Parcels**

**Crops**

**Apiaries**

**Beehives**

OpenAgri

 EN ▾

Dashboard

Profile

Logout

You can navigate between:

- **Farm**
- **Parcel**
- **Apiary**
- **Beehive**
- **Crop**
- Language selection (EN / SL)
- Logout

## 4. Farm Management

*(Screenshots for farm management will be added once available.)*

## 5. Parcel Management

### 5.1 Viewing Parcels

1. Click **Parcel** in the navigation bar.
2. Here you can view, search, and open existing parcels.

**Search for parcels**

**Add new parcel**

**parcel.searchTitle**

parcel.searchSubtitle

parcel.select

parcel.searchPlaceholder
